Science for all. Support for SGGW students

Admissions 2024

At SGGW, we make sure that all our students have the chance to develop their potential. The beginning of university is an important moment, so we offer a wide range of support once you start your studies.

Social scholarships

We are determined to provide everyone with an equal start, and therefore we support students in a difficult financial situation. A social scholarship helps to focus on studying without worrying about everyday expenses.

Rector's Scholarships

Awards for the best. The Rector's Scholarship is for all those who achieve high academic results or have significant artistic or sporting achievements. We can appreciate and support your efforts and passions.

Minister's scholarship for significant achievements

Outstanding achievements deserve outstanding awards. You can apply for the prestigious Minister's Scholarship if your academic, artistic or sporting achievements are exceptional.

Scholarships for people with disabilities

At SGGW, we make sure that every student has equal opportunities. If you have a disability certificate, we offer dedicated financial support to facilitate your studies and personal development.

Financial aid

Life can be unpredictable, hence we offer one-off financial aid allowances for students in a difficult life situation. We aim to provide you with stability and security during hard times.

Psychological support

SGGW offers psychological support at the Non-public Health Care Centre to care for your mental health. Medical care for students is important to us, and you can count on professional help in any situation.

Careers Office

For those who want to start working during their studies, the Careers Office offers professional career advice. Our experts assist in defining professional goals, developing career plans and building a career path. At the Careers Office, you will find a job coach who will support you to determine your individual needs and goals and prepare you for job interviews.

We do our best to make you feel confident and comfortable with us. With our scholarships and support, you may focus on gaining knowledge and experience and achieving academic success. By studying at SGGW, you become a part of a community caring for others.
