ReThink Food Challenge- student competition

Join the international student competition ReThink Food Challenge!

Are you interested in sustainable food production, space farming, entrepreneurship, and innovative ideas? Would you like to create a positive impact and make a chance to win a 7000 EUR prize?

By participating in the [ReThink Food Challenge](#), you can revolutionize the current food production. How? By developing your ground-breaking business ideas to improve sustainability and resource efficiency in one of two tracks: alternative proteins and indoor farming.

As a participant in the Challenge, you get coaching from experts in the business world and academia. It is a perfect opportunity to boost your professional skills, make life-long connections globally and learn what it is to be an entrepreneur in the field of your interest.

The top teams will receive a participation certificate and travel & accommodation budget to attend the Grand Finals in the Netherlands. The prize for the winning team is 7000 EUR.

Curious to learn more? Check the short summary of the Challenge [here](#) or contact us at studentchallenges@wur.nl

Interested but not sure yet if you want to join? Attend the on-line information session on the 24 October at 5.30 pm.
